

2024 Commercial Smart Controller Rebate Program

Central Utah Water Conservancy District (CUWCD) offers a rebate on the purchase of an EPA WaterSense labeled smart controller, which can help reduce water waste by using local weather and landscape conditions to apply water only when needed. A list of qualifying smart controllers can be found at www.epa.gov/watersense. Smart controllers that are not on this list do not qualify for a rebate from CUWCD.

To be eligible for a CUWCD rebate, a residential property must be located in one of the following counties: **Duchesne, Juab, Salt Lake, Uintah, Utah, Wasatch**, or the Francis & Woodland areas of Summit County

REBATE AMOUNT: 50% of the purchase price (excluding tax, shipping, & installation), **up to \$1500**

Online Application Form at rebates.cuwcd.gov

Items Needed for Application

- Water utility account number if one is available
- Legible pdf or jpg of the sales receipt or invoice detailing controller and all components
 - Photo of the installed controller and all components
 - Photo of the serial number

Program Rules

1. The check must be paid to the owner of the property where the product is installed, not the contractor or third party.
2. Rebate amount is 50% of the purchase price (excluding tax, shipping, & installation costs), not to exceed \$1500 per installed controller, hydrometer, or wireless valve solution.
3. Rebate amount will be determined by CUWCD staff based on actual money spent.
4. Product must be installed before the application is submitted.
5. Commercial applications must be submitted within 90 days of installation.
6. Online application form must be accompanied by:
 - A legible sales receipt/invoice showing the purchase date, the product name/make/model number, any components needed for proper controller function, the purchase price, and that it was paid.
 - A photo showing that the controller has been installed (protective box must be open) and any components included in the rebate.
7. Submitting an application form does not guarantee a rebate will be issued.
8. CUWCD staff may request to verify installation of product before approving a rebate; if requested, applicant must agree to allow CUWCD staff to access the property for installation verification, or the rebate will not be approved.
9. Receipts/invoices from a company with which the applicant is affiliated are not accepted.
10. CUWCD reserves the right to deny any application that appears to be deceptive or fraudulent in any way.
11. Applicant is encouraged to retain a copy of the email received after the application form is submitted.
12. Applicant agrees to allow CUWCD access to the water use data of the property to help determine the effectiveness of the rebate program.
13. Failure to cash a rebate check within 90 days of issuance shall void the rebate and shall relieve CUWCD of any obligation to pay the rebate; rebate checks will not be reissued
14. Rebate is only offered on EPA WaterSense® labeled smart controllers
15. To be eligible, the commercial property must be located within one of the following counties: Duchesne, Juab, Salt Lake, Sanpete, Uintah, Utah, or Wasatch.
16. Allow 4-6 weeks for the rebate to be processed

Rebate program is subject to available funds; CUWCD reserves the right to modify or discontinue the rebate program at any time; any changes will be posted at rebates.cuwcd.gov
